PROVIA® BUILDS DOORS THE PROFESSIONAL WAY

ProVia caters to a niche within the door market that demands a high degree of customization coupled with outstanding quality. Our company defines the products that meet this demand as “professional-class.” We have found success by adhering to a set of core values that guide us as we develop rewarding, long-term relationships with our employees, customers and homeowners.

WHAT MAKES PROVIA PROFESSIONAL-CLASS?

ENTRY SYSTEMS **TAILORED** FOR YOUR HOME

Today’s off-the-rack consumer-grade doors, which are mass-produced and not customized for your home, often fall short of expectations and performance.

These shortcomings are the driving force behind ProVia’s custom entry doors, built to your home’s exact measurements for a precise fit, protection, security, and energy efficiency. The materials that go into our custom-made doors are premium quality and exceptionally durable, far surpassing the ready-made doors at the big-box hardware stores, and our craftsmanship and care for details can be seen in each door we produce.

SECURITY | We ensure the strength and security of every door, so you have peace of mind and can focus on what’s really important - your life.

DURABILITY | Crafted with the finest materials and backed by our Lifetime Limited Transferable Warranty, the durability of our products can’t be beat.

BEAUTY | A beautiful ProVia entry system will always greet your guests with classic elegance and style.

ENERGY EFFICIENCY | Engineered to keep the elements at bay and your home comfortable all year long.

If you ask around, you'll find attention to detail is what our customers have come to appreciate and expect from the ProVia brand. Our company is family-owned and faith-based with an intense focus on producing Professional-Class products. ProVia feels so strongly about the performance and workmanship of our entry systems—built by skilled craftspeople with state-of-the-art manufacturing processes—that they are backed with a **Lifetime Limited Warranty**, which is even transferable to one subsequent owner.

STYLE YOUR WAY

TAILORED **JUST FOR YOU** AT THE HIGHEST STANDARDS.

SECURITY | DURABILITY | BEAUTY | ENERGY EFFICIENCY

We make it easy for you to make the right choice. When you combine your selected door style, door glass, paint or stain finish, plus hardware and accessories, the end result is a customized entryway that reflects your personalized style.

DESIGNING YOUR DOOR

Imagine Your Entryway with a New Look. ProVia offers you endless possibilities to create a front door that provides a warm, welcoming entry to your home. To simplify the experience, we've categorized the selection process here to get you started. These ideas are just the beginning – you'll discover a myriad of additional color and style options throughout this catalog.

1 DOOR SKIN

Fiberglass and Steel door skins are available in a variety of textured and smooth options.

LEGACY™ SKIN OPTIONS

2 CONFIGURATION

Find and customize a configuration that best fits the opening of your home.**

3 DOOR STYLES

Your home should reflect your personality. That's why you'll find a wide selection of styles to suit your taste.*

4 GLASS

Select from a full line of decorative, art, clear and privacy glass, simulated divided lites, grid styles and internal blinds.**

5 FINISH

Our stain and glazed finishes are hand-applied by professional craftsmen for maximum beauty, then oven cured for a strong finish. Paint finishes are factory applied for a long-lasting, durable finish.*

6 HARDWARE & ACCESSORIES

A variety of hardware brands provide some of the most stylish, durable hardware available today. Sometimes the smallest things make the biggest difference. Our accessories add a lot to the look of your entry system.*

7 ADD A STORM DOOR

Protect, enhance and ventilate your entryway with a storm door, while adding an extra measure of security.**

*See Entry Door catalog for all available options.

**Visit provia.com or see respective product brochures for all available options.

THE COMPONENTS

The components are the small things that set our doors apart from the competition. A lot of small things add up to a big difference.

Your home is unique and deserves to have **custom glass options** like our ComforTech™ Warm Edge Glazing Systems which include decorative glass, art glass, internal blinds and internal and external grids in many grid patterns and colors.

 Impact Shield doors feature laminated glass.

Our **2½" casing** conveniently covers paint lines providing a professional installation. **Also available in 3½"**. Choose from Cherry, Mahogany, Oak and Poplar. Flat Fir and Poplar trim are available in paint, stain and glazed finishes.

High-performance, heat-resistant glass trim is warranted not to warp, crack or pull away from the door, even in sunny or higher temperature applications. **Plugless glass trim** is standard on Embarq® and Signet® and optional for Heritage™† and Legacy™†.

1. Smooth (standard on select Signet Smooth doors and sidelites, optional on select Heritage Smooth and Legacy Smooth doors and sidelites) **2.** Embarq and Signet Cherry and Mahogany **3.** Embarq and Signet Oak and Knotty Alder **4.** Signet Fir **5.** Heritage and Legacy **6.** Modern Flat Trim (only available on models 112, 114, 115, 116 and 160 sidelites)

† See entryLINK for available styles.

C

The **Z-AC™ threshold** has an auto-adjusting riser and built-in sealing system that redefines how your door can perform for you. Standard on Embarq, Signet and Legacy.

- **Automatically adjusts** to your entry door's changing needs over time, eliminating service calls
- Delivers **protection** against air and water infiltration

D

Three **heavy-duty ball bearing hinges** come standard with every entry system.

Additional 4th hinge option for greater durability. (only available with FrameSaver®)

A 4th hinge is standard on 8 ft. doors.

E

The energy-efficient **weatherstripping** runs along the top and sides of the door and interlocks with the CornerShield™ for the most efficient seal you'll find for keeping moisture, wind and dirt out of your home.

F

We include our **20-gauge security plate** for extra strength and to help prevent kick-ins.

G

An exclusively designed **fully adjustable strike plate** is included. This unique 2-piece construction makes our doors easier to custom fit.

H

The **dust box** in the deadbolt strike provides a barrier to air infiltration while providing a nice appearance that most other door manufacturers don't provide.

H

Bulb and dual blade sweep virtually eliminates drafts, keeping your home comfortable.

I

THE COMPONENTS

FRAMES

FrameSaver®

FrameSaver wood frame and brickmold with finger-jointed composite bottom prevents water absorption and carries a Lifetime Limited Warranty when used with **PVC vinyl coated aluminum frame cladding** outside.

Also available with smooth cladding.

PermaTech™

Our **PermaTech™ Composite door frame system** option combines all the strength and convenience of wood with enhanced properties that make it moisture and insect resistant. PermaTech will not absorb or wick moisture and will never rot or splinter, and is covered by a Lifetime Limited Warranty.*

* No storm door applied. See full warranty for limitations.

Steel L-Frame

Available on select Signet and Legacy door styles

● Aluminum door stop provides greater security and is more durable than wood

● Energy efficient weatherstripping

● 18-gauge steel L-frame with a 12-gauge hinge plate welded on for extra strength and security

(NOT tested for Certified Wind Load or Impact Shield regions)

Not all Steel L-Frames are ENERGY STAR® certified.

FusionFrame™

FusionFrame: A one-of-a-kind alternative to composite or wood jambs, this component utilizes the strength of an LVL interior, the rot-proof performance of a FrameSaver® bottom, and the durability of a composite frame exterior. Offering a lifetime jamb warranty*.

PREFINISHED, MAINTENANCE-FREE

Available as a textured or smooth frame, providing you with the benefit of a prefinished, maintenance-free system, along with the beauty of a stain or paint finish that matches your entry door.

Not available for outswinging doors. See entryLINK for complete limitations and restrictions.

**Finish warranty will match the finish warranty of door series*

Standard Brickmold (Smooth)

All FusionFrame options are available in textured or smooth.

NEW 3½" Flat Rippable Brickmold (Textured)

FLOATING BRICKMOLD

Even if your walls aren't plumb, your door unit can be. With 1/4" of "float," the floating brickmold adjusts to fit your needs. Remove covers, install fasteners and reattach covers for a flawless, clean install.

INSTALLATION HOLES

Pre-drilled holes in frame for ease of installation.

COMPOSITE BOTTOM

Prevents water absorption, warping and rotting.

PLUMB INDICATOR

Removable frame stop cover allows for concealed plumb indicator and fasteners.

- Installation made easy
- Removable frame and brickmold covers
- Eliminates unsightly fastener holes

ULTIMATE FLEXIBILITY

Get ultimate flexibility between 4⁹/₁₆" and 8⁹/₁₆" frame widths.

NEW FOR FUSION FRAME

Mull Cover for 1" Build-Up

Transom Cover 4³/₁₆" up to 6³/₁₆" jambs

3½" * Rippable Brickmold to 2" – Thickness of 1¹/₁₆"

**Ripping brickmold produces a rough-cut edge which will be painted or stained, but not exactly match the original textured or smooth finish.*

EMBARQ® FIBERGLASS

EXCEPTIONAL EFFICIENCY, ELEGANT AESTHETICS

The Embarq fiberglass entry door from ProVia sets the standard for exceptional energy efficiency. The innovative design includes engineered channels in the side rails and header, and a polyurethane core with significantly more insulating value than a typical fiberglass door. This 2 1/2" thick robust entry door is not only highly durable – it's gorgeous as well, with the authentic look of rich, handsome wood.

EMBARQ SKIN OPTIONS

ALL Embarq Fiberglass Entry Systems are ENERGY STAR® Certified.

15-YEAR FINISH WARRANTY*

See pgs. 37-42 for paint and stain finishes.

EMBARQ FIBERGLASS DOOR STYLES

SIDELITES

- ⌘ Embarq® Cherry
- Embarq® Mahogany
- + Embarq® Oak
- Embarq® Knotty Alder

*Warranty time period may be limited in extreme applications. See warranty for details.

Stiles and rails are dovetailed and glued at each corner creating a structurally solid, integrated frame.

We engineered a channel in the side rails and header of the door to allow for a **larger energy-efficient polyurethane core**. Our computer-controlled process fills every crevice with the foam barrier material resulting in **a level of energy efficiency unparalleled in the industry**.

We started from the inside out to maximize energy savings and reduce thermal loss, resulting in the most energy-efficient door in the U.S. market. In fact, this door offers **significantly more insulating value than a typical fiberglass entry door**, giving an unprecedented U-Factor of up to 0.09 - the lowest recorded heat conduction measurement for entry doors in the U.S.

The authentic wood look is made possible by using cutting-edge **NVD** (Nickel Vapor Deposition) technology by MasterGrain™.

Scientifically formulated compounds provide superior resistance to denting, splitting, cracking and warping.

To enhance efficiency and accommodate more insulation, we thickened the door and sidelites from the standard 1 1/4" to 2 1/2" which is **43% thicker** than standard exterior doors. We also engineered a **dual-perimeter seal** for the entry door to create a superior barrier against drafts and energy leaks.

Door edge is constructed with Cherry, Mahogany or Oak wood matching the selected series.

The **4 1/4" finger-jointed 4-ply hardwood strike stile** provides a solid mounting surface for Emtek® hardware and superior structural integrity.

The revolutionary **DuraFuse™ Finishing System featuring P³ Fusion** yields unprecedented finish durability.

A custom-designed a sweep accommodates the Embarq door's added thickness. This creates a new breed of thermal barrier to keep out unwanted elements and uncomfortable temperatures.

Z-AC Threshold with auto-adjusting riser. Standard with anodized bronze finish.

EMBARQ[®] FIBERGLASS

QUAD GLASS SYSTEM

For an entry door as uncompromising as Embarq, only the most energy efficient glass package will do. The Quad Glass System utilizes a 1¹³/₁₆" insulated unit with two panes of low-e glass and warm-edge spacers. Available only with Embarq fiberglass doors and sidelites, the system provides optimal energy efficiency.

- A** Low-E Glass Surface
- B** Krypton Filled Air Space
- C** Argon Filled Air Space
- D** Decorative Glass Core (optional)
- E** Super Spacer[®]
- F** Barrier Sealant
- G** We re-engineered our ComforTech Warm Edge Glazing System to accommodate for the extra panes of glass in this highly efficient package.

SIGNET® FIBERGLASS

Signet Fiberglass doors are available in Mahogany, Cherry, Oak, Knotty Alder, Fir and Smooth Series. Structurally, the Signet door is far superior to traditional fiberglass doors with robust hardwood stiles and rails dovetailed at each corner. All Signet Fiberglass doors exhibit our exclusive DuraFuse™ Finishing System featuring P³ Fusion, allowing us to offer an industry-best 15-year* finish warranty.

SIGNET SKIN OPTIONS

CUSTOM WIDTHS & HEIGHTS

Need a little more height or a little less width? We offer customized door and sidelite widths and heights in 1/8" increments.

CUSTOMIZE BOTH SIDES

You can customize your entry by ordering a different series, style and finish on each side of your door.

Most Signet Fiberglass Entry Systems are ENERGY STAR® Certified.

15-YEAR FINISH WARRANTY*

See pgs. 37-42 for paint and stain finishes.

† Patents - USD617005, USD621062, USD621063, USD625837, USD625024

The inside door **frame is hand-stained or painted to match your door** providing you with a consistent visual appearance. (Signet doors are also available with a Steel L-frame.)

Stiles and rails are dovetailed and glued at each corner creating a structurally solid, integrated frame.

The **2 1/2" finger-jointed 3-ply hardwood hinge stile** provides superior structural integrity.

Signet doors are **foam filled by a computer driven process** that ensures the optimal foam fill for maximum efficiency and strength.

Door edge is constructed with Cherry, Mahogany, Oak or Fir wood matching the selected series.

The **authentic wood look** is made possible by using cutting-edge **NVD** (Nickel Vapor Deposition) technology by MasterGrain™.

The **4 1/4" finger-jointed 4-ply hardwood strike stile** provides a solid mounting surface for decorative hardware and superior structural integrity.

Scientifically formulated compounds provide superior resistance to denting, splitting, cracking and warping.

High-definition panel profile creates excellent shadow lines and distinct panel designs.

Plugless Glass Trim is standard on Signet.
U.S. Patent: 9,562,389
U.S. Patent: 9,976,338

The revolutionary **DuraFuse™ Finishing System featuring P³ Fusion** yields unprecedented finish durability.

Z-AC Threshold with auto-adjusting riser. Standard with anodized bronze finish.

A high-performance, composite material is used on all Signet fiberglass bottom rails, giving excellent rot-resistance.

HERITAGE™ FIBERGLASS

Heritage Fiberglass doors feature enhanced woodgrain texture, improved definition embossing and a hardwood edge to prevent warping.

HERITAGE SKIN OPTIONS

CUSTOM HEIGHTS

Need a little more or a little less height? We offer customized door and sidelite heights in 1/8" increments.

Most Heritage Fiberglass Entry Systems are ENERGY STAR® Certified.

10-YEAR FINISH WARRANTY*

See pgs. 40-42 for paint and stain finishes.

HERITAGE FIBERGLASS DOOR STYLES

SIDELITES

- Oak Grain
- Smooth Fiberglass
- △ Available in 30" Single or 60" French Doors

 Only Heritage Fiberglass doors without glass are available as an Impact Shield Product.

Entry System U-Factor: As low as .14 (Tested to NFRC specifications for a 6 panel door with wood frame).

* Warranty time period may be limited in extreme applications. See warranty for details.

Polyurethane core reduces energy loss.

Improved definition panel profile creates excellent shadow lines and distinct panel designs.

Specially engineered fiberglass door facings will not dent and resist splitting, cracking and warping.

Plugless Glass Trim is optional on Heritage Fiberglass. (see entryLINK for available styles)

U.S. Patent: 9,562,389
U.S. Patent: 9,976,338

ZAI™ threshold has a manually-adjustable riser with complementary screw cover caps. Standard with aluminum mill finish.

1 1/8" Finger-jointed, 2-ply solid oak laminated stiles for both hinge and strike sides are proven to provide increased rigidity and structural integrity.

Variable-depth woodgrain texture with hand-applied stain imitates a wood door appearance.

Square-edge design offers an attractive wood door appearance.

Lock area is reinforced to provide a solid mounting surface for decorative hardware.

A high-performance, composite material is used on all Heritage fiberglass bottom rails, giving excellent rot-resistance.

LEGACY™ STEEL

Legacy Steel features add up to a professional-class product. Whether you select Legacy Woodgrain Textured Steel or Smooth Steel, our entry systems will provide an elegant, durable and energy efficient addition to any home.

LEGACY SKIN OPTIONS

CUSTOM WIDTHS & HEIGHTS

Need a little more height or a little less width? We offer customized door and sidelite widths and heights in 1/8" increments.

CUSTOMIZE BOTH SIDES

You can customize your entry by ordering a different series, style and finish on each side of your door.

Most Legacy Steel Entry Systems are ENERGY STAR® Certified.

10-YEAR FINISH WARRANTY*

See pgs. 40-42 for paint and stain finishes.

Legacy Steel Doors with full-lite or half-lite decorative glass with ComforTech™ glazing will include a pane of Low-E glass in order to be ENERGY STAR certified. This includes the following styles; 150, 230, 239, 240, 350, 430, 437, 439 and 460. Since Low-E glass has a slight color tint, it is recommended that sidelites and transoms are ordered with optional Low-E pane to match the door.

LEGACY STEEL DOOR STYLES

FRENCH DOORS

French doors make an elegant statement like nothing else. Express your personality by creating a simple yet striking entry. Make it as ornate and beautiful as you like.

420-DS Signet® Fir shown in Pecan with Emtex Mortise Craftsman hardware in Rustic Bronze

FRENCH DOOR DETAILS

- All door styles are available as a French Door
- Available with FrameSaver® or Steel L-Frame
- Hinged on each end with door knobs in the center
- Available with either left or right active door (main entryway)
- Center astragal is attached to the inactive door and includes top and bottom slide bolts (used to open inactive door)
- Available as inswing or outswing
- Header security plate standard on frame
- Hardware Installation: locksets, deadbolts and kickplates will be installed on active and inactive doors, all other hardware on active door only
- Also available with multi-point hardware

ASTRAGAL DETAILS The French Door Astragal provides functionality and security

Astragal secures inactive door at top and bottom of your french door system

Lockable throw bolts improve security

Astragal bolt penetrates threshold allowing boot to seal, creating a better barrier against the elements

Astragal is stained to match Signet Fiberglass stained doors.

GLASS OPTIONS

Let a little light in! ProVia offers several options for glass accents in doors. You can choose a full panel of clear glass for an unobstructed view, privacy glass in a variety of patterns, beautiful decorative styles and hand-painted designs or internal blinds for extra privacy.

ProVia uses tempered glass in all entry doors, ensuring a hard, strong, heat-resistant panel that is less likely to cause injury if shattered.

Please refer to ProVia's **Glass Brochure**, or **scan the QR code** for all availability and options.

DECORATIVE GLASS

Highly skilled craftsmen assemble hand-beveled glass by precisely cutting, mitering, and soldering each component into artistically designed patterns. Decorative glass exhibits visual character through aesthetic imperfections. These “imperfections” mimic the hand-made glass of centuries past.

PRIVACY GLASS

Privacy glass ensures a high level of obscurement but allows soft light to filter in and illuminate a space.

ART GLASS

A ProVia exclusive, Art Glass is aptly named. Hand-stained designs are expertly crafted by artisans, resulting in a beautiful, inspirational stained glass piece of art.

INTERNAL BLINDS

Internal Blinds are constructed with sturdy aluminum and enclosed in tempered glass for ease of use and maintenance-free care, so there’s no dusting needed. Perfect for blocking the sun and restoring privacy on entry doors, sidelites, and patio doors.

CLEAR GLASS

Clear Glass is suitable for any entryway, allowing full, clear views and natural light to shine through.

SIMULATED DIVIDED LITES

Simulated Divided Lites (SDL) are reminiscent of old world craftsmanship when separate pieces of glass were mullioned together with wooden grids. We deliver that same stunning appearance through our high-tech stained fiberglass 1" wide x 1/32" thick grids combined with the energy efficient qualities of our ComforTech™ glass packages.

CRAFTSMAN

Only available for Signet® Fir Series.

CONTOURED

Available for all styles shown, except for Signet Fir Series.

BEVELED GLASS

The beauty of beveled glass and coming combine for a distinguished take on traditional divided lites.

Each piece of beveled glass is secured with coming for the beautiful look of a true divided light, with the efficiency of a single doorlight.

† For additional door panel styles see pg. 9 (for Embarq®), pg. 13 (for Signet®)

LIFETIME LIMITED WARRANTY
 Includes Glass Breakage & Seal Failure

All doors and sidelites with SDL's are available with privacy glass.
 SDL's match stain or paint of door.

SIMULATED DIVIDED PANELS

For a stylish and modern look, Simulated Divided Panel fiberglass doors feature wider SDL's (3" and 5" options) applied to the surface of glass on a 460 style Fir door or directly onto the skin of a 001 style Fir door. Numerous configurations and endless paint, glaze or stain colors allow you to create a door design that is contemporary, sophisticated and on-trend.

Available only in Signet® Fir with Clear glass or Privacy glass.
Simulated Divided Panel designs cannot be customized.

STAIN FINISHES

Applied with care, by professionals. If you buy an entry system and finish it yourself, chances are it's the first door you've ever painted or stained. At ProVia®, stains are hand-applied by professional craftsmen, many who have been perfecting their work for years.

EMBARQ® & SIGNET®

7-STEP STAIN FINISHING SYSTEM

1. **DURAFUSE™** - Proprietary P³ Fusion Preparation Processes ensuring unprecedented finish durability
2. **HAND-APPLIED STAIN FINISH** formulated exclusively for Signet fiberglass doors
3. A layer of 2-part urethane, catalyst-hardened **CLEAR COAT WITH UV INHIBITORS** is applied
4. Clear coat is **OVEN-CURED** for lasting durability
5. The door is **HAND-SANDED**, preparing the surface for the second layer of clear coat
6. A second layer of 2-part urethane, catalyst-hardened **CLEAR COAT WITH UV INHIBITORS** is applied
7. The door is **OVEN-CURED** a second time, creating a long-lasting, durable finish

HARDWARE

We offer a variety of designs and finishes all with their own security features, unique functionality, and advanced technology. You'll be sure to find the features and design that will ensure your front door is the perfect complement to your new entryway.

See entry door hardware styles, colors and operation videos on our website.

420-DS Signet® Fir in Caramel
with Black Schlage® Addison hardware

PANOLOCK® MULTI-POINT LOCK

PanoLock® is the first and only multi-point lock that works with multiple hardware options, bringing security and performance to every entry and hinged patio door.

A. Tapered bolt.

Unlike other locks that tend to catch, PanoLock's tapered bolts engage easily, even when the door is out of alignment.

B. Adjustable roller strike.

Rollers lower operating force and allow the tapered bolt to gently snug the door panel against the weatherstrip.

STRENGTH

PanoLock offers enhanced strength and security vs. standard locking systems.

ENHANCED PERFORMANCE

Equipped with two tapered locks, PanoLock provides enhanced performance while reducing operation force.

ULTIMATE SECURITY

PanoLock features roller strike plates equipped with extra anchor screws enhancing security.

FLEXIBILITY

PanoLock can be used on both inswing and outswing applications.

NO HARDWARE CONSTRAINTS

Thumb press, lever or knob-Panoclock has the ability to be paired with several hardware brands, including Schlage® and Emtek® (non-mortise). Some of the options available to you are shown below.

EMTEK

SCHLAGE

1 Tapered Bolt

SECURITY SIMPLIFIED

PanoLock allows you to enjoy the strength and security of a multi-point lock with the ease of operation of a standard handle set. A simple rotation of the key or thumb turn activates the **top and bottom tapered bolts**.

PanoLock is available on standard height and 8' foot doors.

Latch Bolt

FACEPLATE FINISHES

Brushed Clear Anodized

Victorian Bronze

2 Tapered Bolt

TRILENNIUM® MULTI-POINT HARDWARE

Trilennium® Multi-Point Locking System provides ultimate protection and peace of mind with the power of three full deadbolts and a solid lock design that even strengthens the door panel.

Trilennium hardware is an option for all standard size and 8' Signet® and Heritage™ fiberglass doors.

Also available on all 20-gauge Legacy™ steel doors. | NOT available on Steel L-Frames

Trilennium hardware has a 10-Year warranty on materials and workmanship.

Lifetime Flat Bronze*

Lifetime Black

* Flat Bronze does not coordinate with Black/Bronze accessories.

Lifetime finish warranty time period is limited to five years if product is installed in a coastal region.

The Trilennium Multi-Point locking system provides more than just security. It offers homeowners better door closure and sealing than a single point lock.

- Three 1" deadbolts latch with deadbolt throw.
- Deadbolts include anti-saw hardened steel pin.
- A solid I-beam runs the full length of the lock, and increases the strength and precision of the lock.
- Latch and deadbolt release with a single downward movement.

Top and bottom latch design allows for door misalignment and $\frac{3}{8}$ " pull-in when deadbolted.

HOPPE® MULTI-POINT HARDWARE

Hoppe Multi-Point hardware offers the additional security of four points of latching when the door is locked, and the easy operation of one point of latching when the door is unlocked.

NEW ORLEANS CONTEMPORARY ARCH

Exterior

Interior

- Stainless Steel and other non-corrosive components.
- Anti-Back Drive prevents locking points from disengaging from the outside for added security.
- Latch Blocker on inactive systems will not allow multipoint activation until inactive system is activated.
- Lock Out Feature on interior system allows for multipoint activation from the exterior of the door by lifting handle.
- Backplate and cylinder housing are forged into one piece for improved appearance and easier installation.
- Simultaneous retraction feature enables all locking points to be retracted by pushing down on the inside handle.

ENTRY DOOR OPTIONS

The Hinge Straps, Clavos and Speakeasy are options that can give your entryway an old world look. Combine these options with our Signet® Knotty Alder Series to achieve a rustic or antique style. Hinge Straps, Clavos and Speakeasy are constructed of durable flat black aluminum.

HINGE STRAPS Available on all door styles shown on opposite page

 Available as an Impact Shield product.

CLAVOS Available only on door styles shown with planks on opposite page (002CP-449, 002CP-437, 8' 002CP-449 and 8' 002CP-437)

 Available as an Impact Shield product.

SPEAKEASY Available on all door styles shown below except for 8' 002C-437 and 8' 002CP-437

NOT tested for Certified Wind Load or Impact Shield regions. (Doors with Speakeasy are not ENERGY STAR® certified.)

ProVia® does not recommend entry doors with Speakeasy applications in the Northern climate zone. We also recognize some of the North-Central climate zone areas are not suitable for this application as well. We recommend this application to be used only in the South-Central and Southern climate zones. Speakeasy applications carry a 5-year limited warranty. See price book for more details.

TUFTEX SMOOTH CLADDING COLORS

Aluminum trim coil with mar-resistant smooth finish.

Snow Mist	Sandpiper Beige	Sandstone◊	Classic Bronze*
-----------	-----------------	------------	-----------------

◊ Smooth Sandstone cladding is a close match, but not an exact match to Sandstone paint color.

* Smooth Classic Bronze cladding does not match Rustic Bronze cladding color or Rustic Bronze paint color.

HINGED PATIO DOORS

Hinged Patio Doors are swinging patio door systems available in 2 or 3-lite units and constructed of the same solid quality Signet® and Heritage™ Fiberglass, and Legacy™ Woodgrain Textured or Smooth Steel doors as our entry door units.

Hinged Patio Doors with Heritage Fiberglass are NOT available in Certified Wind Load regions.

460 Signet Smooth Hinged Patio shown in Snow Mist White with Schlage Flair Passage Latch

PATIO DOOR STANDARD FEATURES

A keyed **Schlage® Flair** handleset with a **Maximum Security Thumbturn deadbolt** is included. Choose from bright brass, antique brass, satin nickel or black finish.

The lock area is reinforced with a **20-gauge steel security plate** for added strength.

Spring-loaded latch system automatically engages upon closing. Latch also includes interior locking feature. **BetterVue® fiberglass screen mesh** is standard. Heavy-duty fiberglass, aluminum or SeeVue® stainless steel screen is optional.

Suspended by ball bearing rollers this **top-hung heavy-duty aluminum screen frame** reduces binding, creating effortless operation. Screen frames are available in all standard paint colors.

Z-AC™ Threshold with an auto-adjusting riser. Available in Mill or Anodized Bronze Finish.

OPTIONS

Custom Widths and Heights - Need a little more height or a little less width? We are pleased to offer customized patio door widths and heights in 1/8" increments.

Door Swing - (Doors viewed from above. Inswing only.)

Finishes - Patio doors are available in all finishes shown on pages 37-42.

* Optional Aluminum Frame Cladding will increase brickmold to brickmold width by 1/4" and height by 1/8".
Not all sizes available in all door types.

DOOR SWING

STORM DOORS

Every storm door is individually customized to the highest standards in the residential market for homeowners who appreciate impeccable, uncompromising quality. Please see ProVia Storm Door brochure or scan QR code for all options.

Deluxe 397 Storm Door in Rustic Bronze

Smooth function is essential. That's why we include a **quality door closer** in every storm door package. Varies by model.

Our air release system features a continuous closing action without the delayed rebound action of previous generation closers.

Extruded aluminum frame adds beauty to your door by virtue of the rounded cove molding along the glass edge of the extrusion.

All our storm doors are constructed with **tempered safety glass**.

You'll appreciate the finished look of our **color matched aluminum installation screw covers**.

Non-operable sashes are secured by our **color matched polycarbonate clips** or an **internal sash lock system**. Varies by model.

Durable, oven-baked polyester finishes are backed by a Lifetime Warranty for lasting beauty and low maintenance.

Each door features **quality hardware** that adds beauty and functionality to your new storm door. Varies by model.

Corrosion-proof corner gussets enhance the structural integrity of the door.

Our **bottom expander with sweep** allows for a beautiful custom-fit to any entry. Varies by model.

DISCOVER MORE

WEBSITE

ProVia.com makes it easy to explore and compare numerous door, window, siding, stone or roofing options in a straightforward, interactive way. Configure a door or window, visualize products on your home, explore color palettes, and learn about different architectural styles—all from our innovative Design Center. Save your favorite products, colors, photos or ideas throughout the site into your own ProVia portfolio for reference any time and share them across your favorite social media platforms. ▶

VISUALIZER

Let your imagination run free with this exterior home design tool. Select from a library of existing home styles or upload a photo of your own home.

In a few easy steps, update your siding color, add stone or metal roofing, configure windows, or create a one-of-a-kind entry door system.

Looking for professionally inspired color and product palettes? Apply one of our pre-selected Designer Collections to create a curb-appealing look. ▾
